Rows 12 - 14: First generation settlers in Eardley & Hull  
 Rows 17 - 48: Second generation and their spouses  
 Colours Highlighting Names show the intermarriage between families.  
 Rows 36 - 48: Notes further illustrate the interaction between families

There is no proven connection between these McAllisters families in Ireland, but it appears several came from Antrim or Londonderry. They lived close together, often on adjacent lots in Eardley, and had a great deal of interaction, as indicated below.
